

# Standard ERP

integration with  flex.bi

Analyse and visualise your company's data  
in a flexible and easy way

## Save time

Remove manual data management and focus on making fact based decisions for your business, no manual data modelling required.

## Full Overview

Visualise and oversee all your relevant company data in one place. See the "big picture" or use Drill-down options to view underlying data.

## Easy to use

Build your own reports with the ease of Drag and Drop functionality, or use the pre-designed collection of free Dashboards and Report Templates to visualise your data.

## Standard ERP

Standard ERP offers an intuitive suite of business management tools for reconciling accounts, processing orders, managing inventory, contact relations (CRM), and more.

Designed for businesses of all sizes in almost any industry, Standard ERP delivers a high level of integration not only between its core component elements, but also with a variety of third party service providers.

Standard ERP provides a series of industry-specific modules which are fully integrated, including:

- Distribution
- Professional Services
- Maintenance companies
- Hotel industry
- Manufacturing
- Creative environments
- Rental companies
- Retail

## flex.bi

flex.bi is a web-based Business Intelligence system, that allows customers to gather all relevant company data in one place, and display results in easily understandable graphs and charts. It offers a collection of ready to use Dashboards and Report Templates to visualise your data. At the same time each template can be adjusted and customised to fit your company's needs.

Standard ERP's integration with flex.bi provides an easy way to gather all relevant data from different Standard ERP modules and other sources. It will give you full overview of your business in a single dashboard or more detailed analysis with the use of the Drill into & Drill Across functionality.

flex.bi can also be used as a great motivational tool. Let your employees know how their work impacts the company business by sharing your company's goals and progress on Wallboards around your office. Motivate your employees to reach their goals as a team and individually.
