Sage 50 Accounting Software Limitations

1. Data cannot be imported with Excel
2. Items cannot be stored in photo or jpeg format.
3. No Multi language Support
4. No customizable Voucher Printing
5. Amount in words is missing
6. No Line wise VAT functionality
7. Postdated cheque management missing.
8. No Multicurrency Feature
9. In Fixed Asset depreciation only Straight-line depreciation and Reducing balance depreciation are available (Double Declining Balance, Sum of the Years' Digits, Units of Production etc. are missing)
10. Approval Process is missing.
11. Users have experienced performance issues, particularly as the size of their company file grows or when running complex reports.
12. Sage 50 may have occasional software bugs or stability issues. Users have reported instances of unexpected errors, crashes, or freezing (activation is also a huge problem if the online one fails), which can disrupt workflow and require troubleshooting.
