

Standard Hotel is as easy to set up as it is to use.

Standard Hotel is an integrated booking and invoicing app developed for hospitality businesses like hotels, lodges, and bed & breakfasts. Manage your rates, reservations, room bills and seasonal price changes.

Features

- **Rates** - manage multiple room types and multiple rates, including seasonal rates and special offers.
- **Planning** - the graphical resource planner shows room availability at-a-glance.
- **Room Bills** - add miscellaneous items to room bills as well as accommodation and relevant taxes.
- **VAT** - include VAT where required and report on VAT received.
- **Invoices** - easily create and print invoices.
- **Workflow** - track your customer's journey from reservation to checkout.

Free Functionality

- **Nominal Ledger** - Record business transactions. Balance Sheet, Trial Balance, Profit and Loss and Tax Reports.
- **Purchase Ledger** - Record your incoming invoices and payments.
- **Sales Ledger** - See which balances are due.
- **Reservations** - Reserve rooms in advance.
- **Guests** - Store guest information on their respective contact card.
- **Rooms** - Include room descriptions and individual rates

Premium Functionality

Increase your functionality with:

- Integrated Accounting
- Reservation Manager
- Room Packages
- Seasonal Pricing
- Inventory
